Tank Capacity	Hot: 1.0L ; Cold: 1.0L ; Room: 0.3L
Language Setting	N/A

FREQUENTLY ASKED QUESTION

XCEL 2

01. Can I adjust the brightness of the display lights?

Yes. Press and hold the [**ROOM**] button for about 5 seconds. Then, press the [**ROOM**] button to switch between the brightness levels (Level 1, Level 2 (Default), Level 3). Once you've selected your preferred level, press [**OUTFLOW**] to save.

02. Can I adjust how much water comes out at once?

Yes, Hold the desired button [**HALF CUP**] | [**ONE CUP**] | [**NON-STOP**] for 5 seconds, press it to cycle through the 3 volume levels (see earlier slides for details), then press [**OUTFLOW**] to save.

03. What does the light indicator show?

When dispensing, the LED indicates the water type: **Blue** for **COLD**, **Red** for **HOT**, and **Green** for **ROOM** temperature.

04. Can I adjust the Room Water Temperature?

Yes. Press the [**ROOM**] button, then press [**HOT**] for slightly warmer room water or [**COLD**] for slightly cooler room water, and press [**OUTFLOW**] to dispense.

05. What should I do if my product is not functioning properly?

No worries, you may contact our Customer Service at **1800-88-8181** or via the **CUCKOO+ App** for assistance with any product issues.

THANK
YOU
